Contents

	<i>Page</i>
1. Relationship of Calcium with Renal, Intestinal and Hormonal Status in Healthy Women. L. G. Abdel-Khalek	653
2. Inflammatory Biomarker Levels in Obese Prepubertal Children. A. M. E. Moustafa	667
3. Adsorption Isotherms of Cs ⁺ , Co ²⁺ , Zn ²⁺ and Eu ³⁺ on Zirconium Vanadate Ion-Exchanger. S. A. Shady, S. M. El-Ashery and I. M. El-Naggar	687
4. Isolation and Characterization of Lactic Acid Bacteria (LAB) Produced Exocellular Polysaccharide. S. A. Meleigy and W. S. Hendawy	697
5. Radiation Synthesis of Stimuli-Responsive Hydrogels for Biological Applications M. Eid and S. A. Hegazy	717
6. Physicochemical Study of Radiation Graft Polymerization of Acrylonitrile onto Low Density Polyethylene Films and their Use in Complexation with Some Metal Ions. N. M. El-Sawy, S. A. Hegazy, E. A. Saad and I. S. El-Mokadem	737
7. Radiation-Induced Sequential Grafting of Acrylonitrile and Acrylic Acid onto Low Density Polyethylene Films: Amidoximation and Complexation with Metal Ions for Use in Biological Applications. N. M. El-Sawy, S. A. Hegazy, E. A. Saad and I. S. El-Mokadem	761
8. Histological Effects of Gamma Radiation on the Adult Male Compound Eyes of The Mediterranean Fruit Fly, <i>Ceratitits capitata</i> (Wied.) I. M. Haiba and E. A. Mahmoud	785
9. Functional Ultrastructure of Antennae, Wings and Their Associated Sensory Receptors of Peach Fruit Fly, <i>Bactrocera zonata</i> (Saunders) as Influenced By The Sterilizing Dose of Gamma Irradiation. E.A.H. El-Akhdar and Y.E. Afia	797
10. Antimicrobial and Antioxidant Activities of Rosemary Essential Oil Treated By Gamma Irradiation. M. H. Abdeldaiem, H. G. Mohamed and H. H. Abdel-Khalek	819
11. Evaluation of some chemical and technological properties of induced erect chickpea mutant lines developed under drought stressed conditions. R. A. K. Moustafa and H. G. M. Ali	839
12. Impact of Gamma Radiation Processing to Improve the Hygienic Quality of some Chicken Products. W. S. Mohamed, I. I. El-Mossalami and S. M. Nosier	851
13. Shelf Life of Tilapia Fillets Treated with low dose Gamma Irradiation. W. S. Mohamed and I. I. El-Mossalami	863
14. Amelioration the Effect of Electromagnetic Field on Male Rats Using Glutathione Enhancer. E. A. Marzook, A. F.Gharib and E. A. Ali	875
