

	<i>Page</i>
	<i>Contents</i>
1. A Colored Dosimeter Film for High Dose Applications M.A. El-Ahdal, S.M. Gafar and S. Ebraheem	855
2. Response and Stability of Radiation Monitoring Labels to Gamma Rays M. El-Kelany , S. Ebraheem	869
3. Protective role of cabbage extract versus cadmium-induced oxidative renal and thyroid hormones dysfunctions in rats Farag, M. F. S, Osman, N. N. And Darwish, M. M.	879
4. Protective role of grape seed extract against radiation-induced oxidative stress in rats: Role of endogenous antioxidants Heba Hosny Mansour	895
5. Detection of <i>Listeria</i> species in Gamma irradiated Fishes during Storage periods W. S. Mohamed	911
6. The Protective Role of Lettuce oil (<i>Lactuca sativa</i>) against Radiation induced Biological Hazards in Male Rats Abdel-Magied, N. and Ahmed, A.G.	923
7. Efficacy of Clove Oil as an Antioxidant against Radiation Risk in Male Rats Abdel-Magied, N. and Ahmed, A.G.	939
8. Carrot oil as an Antioxidant on some Biochemical and Haematological disorders in Male rats post exposure to γ Radiation Ahmed, A.G. and Abdel-Magied, N.	957
9. Synergistic Effects of Squalene and Omega-3 on Lipid Peroxidation and some Antioxidants in Gamma-Irradiated Male Albino Rats Ahmed, A.G. and Abdel-Magied, N.	973
10. Copolymers of acrylic acid / acrylonitrile prepared by gamma irradiation and its application in radioactive waste solution treatment T. Mansour, B. El-Gammal, F.H. Khalil., E. El-Nesr, E. A. Hegazy and M. M.B. El-Sabbah	989
11. <i>Origanum compactum</i> oil modulate the mitochondrial integrity in brain of gamma irradiated rats S. M. El-Sayed	1005
12. Pro-atherogenic biochemical markers in haemodialysis patients Wafaa Emam, Ayman Ramdan and Azza A. Mohammed	1019
13. The Effect of Fire Accident on Characteristic of Irradiation Concrete Shielding Keshk A. B	1031
14. Performance of HEPA Filter Medium under Accidental Conditions in Nuclear Installations M. M. El-Fawal	1049
