

<b>Contents</b>		<b>Page</b>
1.	Effect of Electromagnetic Radiation Exposure on Histology and DNA Content of the Brain Cortex and Hypothalamus of Young and Adult Male Albino Rats <b>Amal Ibrahim Othman</b> .....	1
2.	Computer Model to Estimate Reliability Engineering for Air Conditioning Systems <b>Afrah Al-Bossly and Amal El-Berry</b> .....	21
3.	The Influence of <i>N</i> -acetylcysteine and Gender-Related Differences on the Radiosensitivity of Mouse Lymphocytes <b>E. El-Shamy and H. El-Kabany</b> .....	39
4.	Heuristic for Binary Decision diagram Ordering to Assess Fault Tree in Probabilistic Safety Assessment <b>Lamia Khalil Abdel-Aziz</b> .....	57
5.	Efficacy of Hesperidin in Modulating Radiation-Induced Brain Damage in Rats <b>Ussama, Z. Said; Helen, N. Saada; Mohga, S. Abdalla; Elsayed, M. Elsayed; and Alshimaa, M. Amin</b> .....	71
6.	Serum Soluble Intercellular Adhesion Molecule-1 Level in Acute Lymphoblastic Leukemia in Children <b>Hanan A. Fathy</b> .....	87
7.	Physiological responses of camel calves to weaning stress with absence of dams under group or individual rearing system. <b>Farghaly, H.M.A; Abdel-Fattah M.S.; Hashem A.L.S. and Azamel A.A.</b> .....	101
8.	Inhibition of glucose-6-phosphate dehydrogenase (G6PD) contributed to oxidative stress in kidney of diabetic rats. <b>Heibashy, M.I.A. and Mazen, G.M.A.</b> .....	127
9.	Groundwater table rise in northwest Nile Delta:Problems and Recommendations <b>El-Sayed, S. A. Atta, E. R. and Al-Ashri, K. M.</b> .....	141
10.	Effect of Ginger or Oregano addition to diet of growing male Zraibi goats on growth rate and some physiological body functions <b>H. A. M. Farghaly</b> .....	173
11.	Detection of pregnancy in Zraibi goats does using Doppler radiation and serum progesterone profile. <b>Farghaly, H.A.M. and A.E. Fekry</b> .....	187

12. Relationship between length of estrous cycle and progesterone levels and milk production in Egyptian buffaloes <b>H. A. M. Farghaly</b> .....	<b>197</b>
13. Kinetic Study of Manganese (II) Uptake from Aqueous Solutions using Both Activated Carbon and Treated Activated Carbon <b>E. R. Atta</b> .....	<b>211</b>
