

Contents		Page
1. Effect of In addition on some physical properties of Sn ₂₀ Se _(60-x) Bi ₂₀ amorphous films H.H.Amer, A. Abdel-Mongy, A.A.Abdel-wahab.....		447
2. Impact of Gamma Radiation on Sex Pheromone Gland of Female and Male Response of <i>Ephestia calidella</i> (Guen.). Magdia A.M. Hazaa, Alm El-Din M. M. S., and Amira, A. Mikhaiel		461
3. The Role of E-Selen as Antioxidant in the Improvement of the Biological and Biochemical Aspects of the Irradiated Mediterranean Fruit Fly <i>Ceratits capitata</i> (Wied.) El-Akhdar E.A.H., Magdia A.M. Hazaa and Alm El-Din M.M.S.....		479
4. Assessment of Natural Radioactivity in the Western Coast of the Red Sea, Egypt A.A. Ramadan, H.M. Killa, M.H.M. Salama, M.H.E. Monged.....		501
5. Late Thyroid Sequelae after Treatment of Hodgkin's Disease (HD). A. Abaza.....		519
6. The Possible Protective Role of Genistein against Some Biochemical Alterations Induced by γ -Irradiation in Male Albino Rats. Hamza, R.G., Amro. N. El shahat and H.M.S. Mekawey		535
7. Protective Effect of γ -Irradiated Dried Powder of Artichoke Leaves against CC ₁₄ Oxidative Stress Induced in Rat Liver Hamza, R.G., Amro, N. El shahat and H.M.S. Mekawey		549
8. Enhancement of cellulase production by <i>Cellulomonas fimi</i> and <i>Bacillus subtilis</i> Amal M. Omer.....		565
9. Tumoricidal effect of Gamma irradiation and Water Extract of Harjal Plant Leaves (Hayne) on Ehrlich Carcinoma in Female mice N. Hanafi.....		575
10. Protective Role of Carnitine against the Harmful Biological Effects of Paracetamol and Radiation Exposure in Male Albino Rats Abd El – Rahman, N.A.....		593
11. Restorative and Preventive Efficacy of Immune System of γ -Irradiated Mice by Laminarin H. El-Kabany and S. A. Lotfi		607

<i>Contents</i>		<i>Page</i>
12. Therapeutic Response of Black Tea Extract on Maintenance Pancreas and Intestine of Gamma-irradiated Rats S. A. Lotfi and H. El-Kabany		619
13. Exposure Doses Concentration Distribution of Radon Y.H. El-Shaer		633
14. Disturbance of Serum Lipid, Malondialdehyde, Glutathione and Apolipoprotein-A in Psoriatic Patients Ibrahim, N. F.		647
15. Association of M235T Polymorphism in Angiotensinogen Gene and Diabetic Nephropathy in NIDDM Manal M.Al Kadey, Sawsan A. Rasheid, Naiema Naguib and Wafaa Emam		663
